

Is your old DFS LASER BEAM device broken?
 Do you already expect long dead times to repair it?
 Do you have to deal with production costs?

Switch to the new DSP LASER device!

Nuova Elettronica has successfully proposed it since 2009 and you will not have any of these problems.

Do you wonder how?

Triveneta Impianti, official partner of Nuova Elettronica, has studied a single application system:

- Easy and reliable
- Not invasive
- Certificated
- Which minimizes application times

Composed by accessories that will make you switch to the new generation of the LASER DSP

DSP LASER Kit is composed by:
